

Faraday Future Announces Its November Vehicle Delivery Plan, Including Two Vehicles in the Last Week of November

Oct 30, 2023

LOS ANGELES--(BUSINESS WIRE)--Oct. 30, 2023-- Faraday Future Intelligent Electric Inc. (NASDAQ: FFIE) ("Faraday Future", "FF" or "Company"), a California-based global shared intelligent electric mobility ecosystem company, today announced that the Company plans to deliver five FF 91 2.0 Futurist Alliance vehicles in November as part of its ongoing "Delivery Co-Creation Day" plans, including two vehicles in the last week of November, which would be an improvement over total October deliveries.

The Company delivered vehicles to noteworthy users in October, including Justin Bell, a Le Mans 24-hours winner and renowned racing host.

Since the launch of the first phase of deliveries in June, with collaborative efforts from external Developer Co-Creation Officers and the Company's internal engineering team, the performance and user experience of the FF 91 2.0 Futurist Alliance have been continuously improving. At the recent "Racetrack Co-Creation Day" at Willow Springs International Raceway, the FF 91 2.0 Futurist outperformed the best lap time ever recorded for a Lamborghini Urus, setting a new lap time record for its category with a time of 1:28.130, an improvement of more than seven seconds compared with four months ago, showcasing the significant achievement from the Company's Co-Creation mission.

Users can preorder an FF 91 2.0 vehicle via the FF Intelligent App or the Company's website (English): <https://www.ff.com/us/preorder/> or (Chinese): <https://www.ff.com/cn/preorder/>
