

Faraday Future (FF) to Host Annual 919 Futurist Day Co-Creation Celebration on September 19th That Will Include Announcements Highlighting Positive Progress on the 12-Month Target for FF 91 Production and Delivery

September 9, 2021

- 919 Futurist Day, to be held on September 19th, 2021, at FF's Los Angeles HQ, will showcase a unique and exceptional day to celebrate FF's successes, products, technologies, people, innovation, and user-centric philosophy
- 919 Futurist Day is an important platform for FF to co-create its products and services with its users, and this year will include FF 91 product and technology demos as well as important business updates on FF 91 progress from FF management
- FF will also use this special day to partner with the non-profit organization "The Purist Group," to support a joint FF Toy Drive which benefits underprivileged and less fortunate children and families in Southern California communities

LOS ANGELES--(BUSINESS WIRE)--Sep. 9, 2021-- Faraday Future Intelligent Electric Inc. ("FF") (NASDAQ: FFIE), a California-based global shared intelligent mobility ecosystem company, today announced that the annual 919 Futurist Day will be an all-day co-creation festival at the FF HQ in Los Angeles, Calif. on September 19th. Participants at the event consist of FF employees and their friends and family members, charity project participants, investors, media, paid reservation holders, and potential users who actively participate in FF co-creation projects.

Faraday Future 919 Futurist Day (Graphic: Business Wire)

"We're incredibly excited to be hosting this annual FF event where all the participants will be able to experience the FF culture, co-creation projects, and the FF 91," said Global CEO Carsten Breitfeld. "From cars, technology, and user-focused activities to FF 91 delivery related updates throughout the day, this 919 day is an exciting annual event for our company."

FF Futurist value chain co-creation and sharing is the core concept of FF user operations. Through deep participation in FF's entire value chain business including product design, research, development, manufacturing, supply chain, marketing communication, sales, service and operation, users create value and share value together with FF.

FF offers an unparalleled experience through an interactive exchange between users and the FF products. The 919 event brings that idea to life, with activities from

Cars & Coffee to letting kids co-create with FF's top designers and engineers. The FF executive team will update 919 visitors on the latest developments at FF, especially highlighting positive progress on the FF 91 production and delivery targets.

FF is also partnering with the non-profit organization [The Purist Group](#) to support a joint FF Toy Drive which benefits underprivileged and less fortunate children and families in Southern California communities and gives kids an early Christmas. 919 participants are encouraged to bring an unwrapped toy to the 919-event valued at \$25 or more. All items will be donated to local charities through The Purist Group. As a global company born and rooted in Southern California, Faraday Future and The Purist Group are united in supporting the local communities and families.

Faraday Future's recent SPAC transaction through which the company's shares were listed on NASDAQ (ticker symbol: FFIE) raised capital to finance the release of the company's ultimate intelligent techluxury flagship vehicle, the FF 91. The FF 91 Futurist Alliance Edition and FF 91 Futurist models represent the next generation of intelligent techluxury EVs. They are high-performance EVs, all-in-one all ability cars, and ultimate robotic vehicles that allow users to experience the third internet living space. The models also encompass extreme technology, an ultimate user experience and a complete ecosystem.

Both models have an industry-leading 1050 horsepower, a 130kWh battery pack with immersive liquid cooling technology and 0-60 mph performance in 2.4 seconds. In addition, both employ tri-motor torque vectoring and rear wheels independently driven and controlled by dual rear motors. Both models are also equipped with the industry's only super access point for internet connection at "light speed", video streaming on the passenger

information display, a rear intelligent internet system, an in-car video conferencing system, intelligent seamless entry, FFID face recognition, multi-touch eyes-free control, and zero gravity rear seats with the industry's largest seating angle of 150 degrees.

Users can reserve an FF 91 Futurist model now via the FF intelligent APP or [FF.com](https://www.ff.com/us/reserve) at: <https://www.ff.com/us/reserve>.

NO OFFER OR SOLICITATION

This communication shall neither constitute an offer to sell or the solicitation of an offer to buy any securities, nor shall there be any sale of securities in any jurisdiction in which the offer, solicitation or sale would be unlawful prior to the registration or qualification under the securities laws of any such jurisdiction.

FORWARD LOOKING STATEMENTS

This press release includes "forward looking statements" within the meaning of the "safe harbor" provisions of the United States Private Securities Litigation Reform Act of 1995. When used in this press release, the words "estimates," "projected," "expects," "anticipates," "forecasts," "plans," "intends," "believes," "seeks," "may," "will," "should," "future," "propose" and variations of these words or similar expressions (or the negative versions of such words or expressions) are intended to identify forward-looking statements. These forward-looking statements are not guarantees of future performance, conditions or results, and involve a number of known and unknown risks, uncertainties, assumptions and other important factors, many of which are outside FF's control, that could cause actual results or outcomes to differ materially from those discussed in the forward-looking statements. Important factors, among others, that may affect actual results or outcomes include: FF's ability to execute on its plans to develop and market its vehicles and the timing of these development programs; FF's estimates of the size of the markets for its vehicles; the rate and degree of market acceptance of FF's vehicles; the success of other competing manufacturers; the performance and security of FF's vehicles; potential litigation involving FF; the result of future financing efforts and general economic and market conditions impacting demand for FF's products. The foregoing list of factors is not exhaustive. You should carefully consider the foregoing factors and the other risks and uncertainties described in the "Risk Factors" section of the preliminary registration statement on Form S-1 filed by Faraday Future Intelligent Electric Inc. with the SEC. These filings identify and address other important risks and uncertainties that could cause actual events and results to differ materially from those contained in the forward-looking statements. Forward-looking statements speak only as of the date they are made. Readers are cautioned not to put undue reliance on forward-looking statements, and FF does not undertake any obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as required by law.
